

AC Power Line Monitor/Surge Protector

Model OM-PM120

\$149

OM-PM120 Front View

- ✓ Surge and Spike Protection
- ✓ Advanced AC Line Diagnostics
- ✓ Line Voltage Indicator
- ✓ Five Individually Switched and Filtered AC Power Outlets
- ✓ Multi-Color LED's to Indicate Line Condition and Voltage Level
- ✓ Protection for Fax/Modem Line
- ✓ Diagnostic Reset Switch

OM-PM120 Rear View

The OM-PM120 is designed to provide clean filtered AC with power line diagnostics in a low profile enclosure that fits conveniently underneath a monitor. These units incorporate new advanced power line diagnostics to detect and indicate various types of AC power problems including power failure, brown out, low line voltage, and high line voltage. Monitored problems are registered on front panel LED's, and continue to show even after the fault has passed. A RESET switch clears the indicated fault condition.

The OM-PM120 constantly monitors incoming line voltage and displays it in bar graph format on the front panel. Plugged into a UPS, the OM-PM120 can monitor the performance of the UPS and indicate dropping voltage level as the batteries deplete. The unit is equipped with special solid state surge suppression devices to protect equipment by absorbing

dangerous over-voltage transients caused by lightning strikes or equipment such as air conditioners in the vicinity switching on and off.

One touch operation switches all the equipment plugged into the OM-PM120. The OM-PM120 provides a convenient and clean way of wiring a computer system and related peripherals such as printer, monitor, modem, etc. Each device has its own outlet and switch and can be turned on/off individually.

Specifications

Energy Rating: 2070 joules, 330 volts

Line Voltage Indicators: 7 yellow LED's, 100 Vac to 130 Vac in 5 volt increments, bar graph display mode

Line Condition Indicators: Power failure (red LED), illuminates when voltage is less than 75 Vac for more than 96 ms; brown out (red LED), illuminates when voltage is less than 100 Vac for more than 16 ms; low voltage (red LED), illuminates when voltage is less than 95 Vac; high voltage (red LED), illuminates when voltage is greater than 135 Vac; power OK, (green LED), is normally illuminated indicating a no fault condition

AC Power Outlets: five individually filtered ac power outlets, 3 A current capacity/outlet

Power Cable: 6 ft long (1.83 m), 18 ga, 3 conductor

Dimensions: 44 x 290 x 259 mm (1.75 x 11.4 x 10.2")

Weight: 1.92 kg (4.25 lb)

To Order (Specify Model Number)		
Model No.	Price	Description
OM-PM120	\$149	AC power line monitor/surge protector

Each unit is supplied with complete operator's manual.

Ordering Example: OM-PM120 ac power line monitor/surge protector and OMEGACARESM 1-year extended warranty (adds 1 year to standard 2-year warranty), \$149 + 25 = \$174

More than 100,000 Products Available!

• Temperature

Calibrators, Connectors, General Test and Measurement Instruments, Handheld Instruments for Temperature Measurement, Ice Point References, Indicating Labels, Crayons, Cements and Lacquers, Infrared Temperature Measurement Instruments, Recorders, Relative Humidity Measurement Instruments, PT100 Probes, PT100 Elements, Temperature & Process Meters, Timers and Counters, Temperature and Process Controllers and Power Switching Devices, Thermistor Elements, Probes and Assemblies, Thermocouples, Thermowells and Head and Well Assemblies, Transmitters, Thermocouple Wire, RTD Probes

• Flow and Level

Air Velocity Indicators, Doppler Flowmeters, Level Measurement, Magnetic Flowmeters, Mass Flowmeters, Pitot Tubes, Pumps, Rotameters, Turbine and Paddle Wheel Flowmeters, Ultrasonic Flowmeters, Valves, Variable Area Flowmeters, Vortex Shedding Flowmeters

• pH and Conductivity

Conductivity Instrumentation, Dissolved Oxygen Instrumentation, Environmental Instrumentation, pH Electrodes and Instruments, Water and Soil Analysis Instrumentation

• Data Acquisition

Auto-Dialers and Alarm Monitoring Systems, Communication Products and Converters, Data Acquisition and Analysis Software, Data Loggers Plug-in Cards, Signal Conditioners, USB, RS232, RS485 and Parallel Port Data Acquisition Systems, Wireless Transmitters and Receivers

• Pressure, Strain and Force

Displacement Transducers, Dynamic Measurement Force Sensors, Instrumentation for Pressure and Strain Measurements, Load Cells, Pressure Gauges, Pressure Reference Section, Pressure Switches, Pressure Transducers, Proximity Transducers, Regulators, Pressure Transmitters, Strain Gauges, Torque Transducers, Valves

• Heaters

Band Heaters, Cartridge Heaters, Circulation Heaters, Comfort Heaters, Controllers, Meters and Switching Devices, Flexible Heaters, General Test and Measurement Instruments, Heater Hook-up Wire, Heating Cable Systems, Immersion Heaters, Process Air and Duct, Heaters, Radiant Heaters, Strip Heaters, Tubular Heaters
